

# Group Critical Illness Insurance

---

You can count on Aflac to help ease the financial impact of surviving a critical illness.

**In California, coverage is underwritten by Continental  
American Life Insurance Company**

AGD22CA GP-56086.PLAN-362688B 10/09/2025 1 EXP 10/26

<b>COVERED CRITICAL ILLNESS BENEFITS:</b>	Percentage of Face Amount
CANCER (Internal or Invasive)	100%
HEART ATTACK (Myocardial Infarction)	100%
STROKE (Ischemic or Hemorrhagic)	100%
KIDNEY FAILURE (End-Stage Renal Failure)	100%
BONE MARROW TRANSPLANT (Stem Cell Transplant)	100%
SUDDEN CARDIAC ARREST	100%
LIMITED BENEFIT MAJOR ORGAN TRANSPLANT (25% of this benefit is payable for insureds placed on a transplant list for a major organ transplant)	100%
LIMITED BENEFIT COMA	100%
LIMITED BENEFIT PARALYSIS	100%
LIMITED BENEFIT LOSS OF SIGHT	100%
LIMITED BENEFIT LOSS OF HEARING	100%
LIMITED BENEFIT LOSS OF SPEECH	100%
BENIGN BRAIN TUMOR	100%
TYPE I DIABETES	100%
CORONARY ARTERY BYPASS SURGERY	100%
NON-INVASIVE CANCER	25%
METASTATIC CANCER	25%

**INITIAL DIAGNOSIS BENEFIT**

We will pay a lump sum benefit upon initial diagnosis of a covered critical illness when such diagnosis is caused by an underlying disease.

**ADDITIONAL DIAGNOSIS BENEFIT**

Pays benefits for each different critical illness after the first. Cancer diagnoses are subject to the cancer diagnosis limitation.

**REOCCURRENCE BENEFIT**

We will pay benefits for the same critical illness after the first.

**REDUCED BENEFIT SKIN CANCER BENEFIT**

We will pay \$1,000 for the diagnosis of reduced benefit skin cancers. We will pay this benefit once per calendar year.

**ACCIDENT BENEFIT**

Payable if an insured sustains a covered accident and suffers any of the following, which is caused by the covered accident:

	Percentage of Critical Illness Benefit Amount
Accident-Only Coma	100%
Accident-Only Loss of Sight	100%
Accident-Only Loss of Speech	100%
Accident-Only Loss of Hearing	100%
Accident-Only Severe Burn	100%

<b>COVERED CRITICAL ILLNESS BENEFITS:</b>	Percentage of Face Amount
Accident-Only Paralysis	100%

**WAIVER OF PREMIUM**

If you become totally disabled due to a covered critical illness prior to age 65, after 90 continuous days of total disability, we will waive premiums for you and any of your covered dependents. As long as you remain totally disabled, premiums will be waived up to 24 months, subject to the terms of the Group Critical Illness Insurance Policy.

**SUCCESSOR INSURED BENEFIT**

If spouse coverage is in force at the time of the primary insured's death, the surviving spouse may elect to continue coverage. Coverage would continue at the existing spouse face amount and would also include any dependent child coverage in force at the time. See certificate for details.

**CHILD COVERAGE AT NO ADDITIONAL COST**

Each dependent child is covered at 50 percent of the primary insured's benefit amount at no additional charge. Children-only coverage is not available.

**HEALTH SCREENING BENEFIT (1 PER CALENDAR YEAR)**

Payable for health screening tests performed while an insured's coverage is in force. We will pay this benefit once per calendar year, per insured. This benefit is only payable for health screening tests performed as the result of preventive care, including tests and diagnostic procedures ordered in connection with routine examinations.

Employee/Spouse: \$50  
Child: 100% of the Health Screening Amount

<b>PROGRESSIVE DISEASES RIDER</b>	Percentage of Face Amount
AMYOTROPHIC LATERAL SCLEROSIS (ALS OR LOU GEHRIG'S DISEASE)	100%
SUSTAINED MULTIPLE SCLEROSIS	100%
ADVANCED ALZHEIMER'S DISEASE	100%
ADVANCED PARKINSON'S DISEASE	100%
CHRONIC OBSTRUCTIVE PULMONARY DISEASE (COPD)	25%
CROHN'S DISEASE	25%

We will pay the benefit shown upon diagnosis of one of the covered diseases if the date of diagnosis is while the rider is in force. The Progressive Disease benefit is payable only once per disease. For any subsequent Progressive Disease to be covered, the date of diagnosis must satisfy the Additional Diagnosis separation period outlined in the brochure, if applicable.

<b>SPECIFIED DISEASE RIDER</b>	Percentage of Face Amount
<b>TIER I SPECIFIED DISEASE BENEFIT</b>	

<b>SPECIFIED DISEASE RIDER</b>	Percentage of Face Amount
ADRENAL HYPOFUNCTION (ADDISON'S DISEASE), CEREBROSPINAL MENINGITIS, DIPHTHERIA, ENCEPHALITIS, HUNTINGTON'S CHOREA, LEGIONNAIRE'S DISEASE, LYME DISEASE, MALARIA, MUSCULAR DYSTROPHY, MYASTHENIA GRAVIS, NECROTIZING FASCIITIS, OSTEOMYELITIS, POLIOMYELITIS (POLIO), RABIES, SICKLE CELL ANEMIA, SYSTEMIC LUPUS, SYSTEMIC SCLEROSIS (SCLERODERMA), TETANUS, TUBERCULOSIS	25%

We will pay the benefit shown if an insured is diagnosed with one of the Tier I Specified Diseases listed, and if the date of diagnosis is while the rider is in force. For any subsequent Tier I Specified Disease to be covered, the date of diagnosis of the subsequent Tier I Specified Disease must satisfy the Additional Diagnosis separation period outlined in the brochure, if applicable.

<b>SPECIFIED DISEASE RIDER</b>	Percentage of Face Amount
<b>TIER II SPECIFIED DISEASE HOSPITALIZATION BENEFIT</b>	
HUMAN CORONAVIRUS <ul style="list-style-type: none"> <li>• COVID-19</li> <li>• SARS</li> <li>• MERS</li> </ul>	10% if confined to a hospital for 4-9 days 25% if confined to a hospital for 10 or more days 40% if confined to an intensive care unit

We will pay the benefit shown if an insured is diagnosed with one of the Tier II Specified Diseases listed, and such diagnosis results in either a period of hospital confinement or hospital intensive care unit confinement as a direct result of the Tier II Specified Disease. Furthermore, the date of diagnosis must be while the rider is in force. In addition, the insured must be receiving treatment for the Tier II Specified Disease for the minimum number of days shown. Only the highest eligible benefit amount will be payable under these benefits. In the event a lower benefit amount was previously paid under these benefits for any period of hospital confinement and that confinement is extended or the insured is moved to an intensive care unit triggering a higher payment, the difference between the previous paid benefit amount and the new benefit amount will be provided. Please note that for any subsequent Tier I or Tier II Specified Disease to be covered, the date of diagnosis of the subsequent Tier I or Tier II Specified Disease must satisfy the Additional Diagnosis separation period outlined in the brochure. Please note that any Tier II Specified Disease Benefit requires a diagnosis resulting in either a period of hospital confinement or a period of hospital intensive care unit confinement as a direct result of the Tier II Specified Disease in order for the benefit to be payable, if applicable.

<b>CHILDHOOD CONDITIONS RIDER</b>	Percentage of Face Amount
CYSTIC FIBROSIS	50%
CEREBRAL PALSY	50%
CLEFT LIP OR CLEFT PALATE	50%
DOWN SYNDROME	50%
PHENYLALANINE HYDROXYLASE DEFICIENCY DISEASE (PKU)	50%
SPINA BIFIDA	50%
	One-time Benefit Amount

<b>CHILDHOOD CONDITIONS RIDER</b>	Percentage of Face Amount
AUTISM SPECTRUM DISORDER	\$3,000

Benefits are payable if a dependent child is diagnosed with one of the conditions listed and the date of diagnosis is while the rider is in force. For any subsequent Childhood Condition to be covered, the date of diagnosis must satisfy the Additional Diagnosis separation period outlined in the brochure, if applicable.

## LIMITATIONS AND EXCLUSIONS

Benefit percentages will be paid based on the face amount in effect on the critical illness date of diagnosis.

Riders become effective when the rider is issued. If it is issued after the certificate, the rider will have a later effective date.

All limitations and exclusions that apply to the Group Critical Illness Insurance Policy also apply to the riders unless amended by the riders.

## ATTAINED AGE PREMIUMS

If your policy includes attained age rates, that means your policy is age-banded and your rates may increase on the policy anniversary date.

## EXCLUSIONS

We will not pay for loss due to any of the following:

- Self-Inflicted Injuries – injuring or attempting to injure oneself intentionally or taking action that causes oneself to become injured;
- Suicide – committing or attempting to commit suicide, while sane or insane;
- Illegal Occupation – committing or attempting to commit a felony, or being engaged in an illegal occupation.
- Participation in:
  - War (declared or undeclared) or military conflicts;
  - Insurrection or riot.
- Intoxicants and controlled substances – loss sustained or contracted in consequence of the Insured's being intoxicated or under the influence of any controlled substance unless administered on the advice of a doctor/qualified medical professional.
- An error, mishap, or malpractice during medical, diagnostic, or surgical treatment or procedure.

Diagnosis must be made and treatment must be received in the United States or its territories. All benefits under the Group Critical Illness Insurance Policy, including benefits for

diagnoses, treatment, confinement and covered tests, are payable only while coverage is in force.

## TERMS YOU NEED TO KNOW

Benign Brain Tumor must be caused by Multiple Endocrine Neoplasia, Neurofibromatosis, or Von Hippel-Lindau Syndrome.

The Bone Marrow Transplant (Stem Cell Transplant) benefit is not payable if the transplant results from a covered critical illness for which a benefit has been paid.

The following are not considered internal or invasive cancers:

- Superficial cervical cancer
- Superficial bladder tumors
- Pre-malignant tumors or polyps
- Early breast cancer requiring lumpectomy without radiation or chemotherapy
- Early prostate (Stage A) cancer
- Non-invasive cancer (as defined below)
- Reduced benefit skin cancers (as defined below)
- Melanoma that is diagnosed as:
  - Clark's Level I or II,
  - Breslow depth less than 0.77mm, or
  - Stage 1A melanomas under TNM Staging

A Non-Invasive Cancer is:

- Cancer in one organ, such as prostate or indolent cancer (this does not include Cancer that has spread throughout the organ, such as breast cancer, which would be considered an invasive cancer)
- Myelodysplastic Syndrome - RA (refractory anemia)
- Myelodysplastic Syndrome - RARS (refractory anemia with ring sideroblasts)

Premalignant conditions or conditions with malignant potential, other than those specifically named above, are not considered non-invasive cancer.

Reduced benefit skin cancers are not payable under the Cancer (internal or invasive) Benefit or the Non-Invasive Cancer Benefit. The following are considered reduced benefit skin cancers:

- Basal cell carcinoma
- Squamous cell carcinoma of the skin
- Melanoma in Situ – that is, melanoma cells that occur only on the outer layer of the skin (the epidermis), where there is no invasion of the deeper layer (the dermis)
- Melanoma that is diagnosed as
  - Clark’s Level I or II,
  - Breslow depth less than 0.77mm, or
  - Stage 1A melanomas under TNM Staging

Limited Benefit Coma means a state of continuous, profound unconsciousness, lasting at least seven consecutive days, and characterized by the absence of:

- Spontaneous eye movements,
  - Response to painful stimuli, and
  - Vocalization. To be considered a critical illness, the coma must be caused by one of the following diseases:
    - Brain Aneurysm
    - Diabetes
    - Encephalitis
    - Epilepsy
    - Hyperglycemia
    - Hypoglycemia
    - Meningitis
- Accident-Only Coma does not include a medically-induced coma (if applicable).

Critical Illness is a disease or a sickness as defined in the Group Critical Illness Insurance Policy that first manifests while your coverage is in force.

Date of Diagnosis is defined as follows:

- Benign Brain Tumor: The date a doctor/qualified medical professional determines a benign brain tumor is present based on examination of tissue (biopsy or surgical excision) or specific neuroradiological examination.
- Cancer: The day tissue specimens, blood samples, or titer(s) are taken (diagnosis of cancer and/or non-invasive cancer is based on such specimens).
- Non-Invasive Cancer: The day tissue specimens, blood samples, or titer(s) are taken (diagnosis of cancer and/or non-invasive cancer is based on such specimens).
- Reduced Benefit Skin Cancers: The date the skin biopsy

samples are taken for microscopic examination.

- Bone Marrow Transplant (Stem Cell Transplant): The date the surgery occurs.
- Limited Benefit Coma: The first day of the period for which a doctor/qualified medical professional confirms a coma that is due to one of the underlying diseases and that has lasted for at least seven consecutive days.
- Coronary Artery Bypass Surgery: The date the surgery occurs.
- Heart Attack (Myocardial Infarction): The date the infarction (death) of a portion of the heart muscle occurs. This is based on the criteria listed under the heart attack (myocardial Infarction) definition.
- Kidney Failure (End-Stage Renal Failure): The date a doctor/qualified medical professional recommends that an insured begin renal dialysis.
- Limited Benefit Loss of Hearing: The date the loss due to one of the underlying diseases is objectively determined by a doctor/qualified medical professional to be total and irreversible.
- Limited Benefit Loss of Sight: The date the loss due to one of the underlying diseases is objectively determined by a doctor/qualified medical professional to be total and irreversible.
- Limited Benefit Loss of Speech: The date the loss due to one of the underlying diseases is objectively determined by a doctor/qualified medical professional to be total and irreversible.
- Limited Benefit Major Organ Transplant: The date the surgery occurs.
- Metastatic Cancer: The date a doctor/qualified medical professional determines cancer has metastasized to other parts of the body from the original site.
- Limited Benefit Paralysis: The date a doctor/qualified medical professional diagnoses an Insured with paralysis due to one of the underlying diseases as specified in this Group Critical Illness Insurance Policy, where such diagnosis is based on clinical and/or laboratory findings as supported by the insured’s medical records.
- Accident Only Severe Burn: The date the burn takes place.

- Stroke: The date the stroke occurs (based on documented neurological deficits and neuroimaging studies).
- Sudden Cardiac Arrest: The date the pumping action of the heart fails (based on the sudden cardiac arrest definition).
- Type I Diabetes: The date a doctor/qualified medical professional diagnoses an insured as having type I diabetes based on clinical and/or laboratory findings as supported by medical records.

Spouse is your legal wife or husband, including a legally-recognized same-sex spouse, or a person of either gender who is in a legally recognized and registered domestic partnership, (as defined in California Family Code 297), civil union, reciprocal beneficiary relationship, or similar relationship with you, who is listed on your application.

Dependent Children are your or your Spouse's natural children, step-children (including existing children of new domestic partners), grandchildren, foster children, children subject to legal guardianship, legally adopted children, or children placed for adoption, who are younger than age 26.

Newborn children are automatically covered from the moment of birth. Read your certificate carefully for details.

A doctor/qualified medical professional does not include you or any of your family members. For the purposes of this definition, family member includes your spouse as well as the following members of your immediate family:

- Son
- Daughter
- Mother
- Father
- Sister
- Brother This includes step-family members and family-members-in-law.

Employee is a person who meets eligibility requirements and who is covered under the Group Critical Illness Insurance Policy. The employee is the primary insured under the Group Critical Illness Insurance Policy.

Heart Attack (Myocardial Infarction) does not include:

- Any other disease or injury involving the cardiovascular

system.

- Cardiac Arrest not caused by a Heart Attack (Myocardial Infarction).

Diagnosis of a Heart Attack (Myocardial Infarction) must include the following:

- New and serial electrocardiographic (ECG) findings consistent with heart attack (myocardial infarction), and
- Elevation of cardiac enzymes above generally accepted laboratory levels of normal. (In the case of creatine phosphokinase (CPK) a CPK-MB measurement must be used.) Confirmatory imaging studies, such as thallium scans, MUGA scans, or stress echocardiograms may also be used.

Kidney Failure (End-Stage Renal Failure) is covered only under the following conditions:

- A doctor/qualified medical professional advises that regular renal dialysis, hemo-dialysis, or peritoneal dialysis (at least weekly) is necessary to treat the kidney failure (end-stage renal failure); or
- The kidney failure (end-stage renal failure) results in kidney transplantation.

Limited Benefit Loss of Hearing means the total and irreversible loss of hearing in both ears. Loss of Hearing does not include hearing loss that can be corrected by the use of a hearing aid or device. To be considered a Critical Illness, Loss of Hearing must be caused by one of the following diseases:

- Alport Syndrome
- Autoimmune Inner Ear Disease
- Chicken Pox
- Diabetes
- Goldenhar Syndrome
- Meniere's Disease
- Meningitis
- Mumps

Limited Benefit Loss of Sight means the total and irreversible loss of all sight in both eyes. To be considered a critical illness, loss of sight must be caused by one of the following diseases:

- Retinal Disease;

- Optic Nerve Disease; or
- Hypoxia

Limited Benefit Loss of Speech means the total and permanent loss of the ability to speak. To be considered a Critical Illness, Loss of Speech must be caused by one of the following diseases:

- Alzheimer's Disease
- Arteriovenous Malformation

Maintenance Drug Therapy is meant to decrease the risk of cancer recurrence; it is not meant to treat a cancer that is still present.

A Limited Benefit Major Organ Transplant benefit is not payable if the major organ transplant results from a covered critical illness for which a benefit has been paid.

Limited Benefit Paralysis or Paralyzed means the permanent, total, and irreversible loss of muscle function to the whole of at least two limbs. To be considered a Critical Illness, Paralysis must be caused by one or more of the following diseases:

- Amyotrophic Lateral Sclerosis
- Cerebral Palsy
- Parkinson's disease
- Poliomyelitis

The diagnosis of paralysis must be supported by neurological evidence.

Accident-Only Severe Burn: A burn resulting from fire, heat, caustics, electricity, or radiation. The burn must meet all of the following criteria:

- Be a full-thickness or third-degree burn, as determined by a Doctor/Qualified Medical Professional. A Full-Thickness Burn or Third-Degree Burn is the destruction of the skin through the entire thickness or depth of the dermis (or possibly into underlying tissues). This results in loss of fluid and sometimes shock.
- Cause cosmetic disfigurement to the body's surface area of at least 35 square inches.
- Be caused by a Covered Accident.

Stroke does not include:

- Transient Ischemic Attacks (TIAs). TIAs are covered under the Transient Ischemic Attack Critical Illness.
- Head injury
- Chronic cerebrovascular insufficiency
- Reversible ischemic neurological deficits unless brain tissue damage is confirmed by neurological imaging

Sudden Cardiac Arrest is not a heart attack (myocardial infarction). A sudden cardiac arrest benefit is not payable if the sudden cardiac arrest is caused by or contributed to by a heart attack (myocardial infarction).

Treatment does not include maintenance drug therapy or routine follow-up visits to verify whether cancer or carcinoma in situ has returned.

Type I Diabetes excludes gestational diabetes and prediabetes.

## **PROGRESSIVE DISEASES RIDER**

Date of Diagnosis is defined for each specified critical illness as follows:

- Amyotrophic Lateral Sclerosis (ALS or Lou Gehrig's Disease): The date a doctor/qualified medical professional diagnoses an insured as having ALS and where such diagnosis is supported by medical records.
- Sustained Multiple Sclerosis: The date a doctor/qualified medical professional diagnoses an Insured as having Multiple Sclerosis and where such diagnosis is supported by medical records.
- Advanced Alzheimer's Disease: The date a doctor/qualified medical professional diagnoses the insured as having Alzheimer's Disease.
- Advanced Parkinson's Disease: The date a doctor/qualified medical professional diagnoses the insured as having Parkinson's Disease.
- Chronic Obstructive Pulmonary Disease (COPD): The date a doctor/qualified medical professional diagnoses an insured as having COPD based on clinical and/or laboratory findings as supported by medical records.
- Crohn's Disease: The date a doctor/qualified medical

professional diagnoses an insured as having Crohn's Disease based on clinical and/or laboratory findings as supported by medical records.

**SPECIFIED DISEASES RIDER**

Date of Diagnosis is defined for each Specified Disease as follows and must be supported by medical records:

- Adrenal Hypofunction (Addison's Disease): The date a doctor/ qualified medical professional diagnoses an insured as having Adrenal Hypofunction.
- Cerebrospinal Meningitis: The date a doctor/qualified medical professional diagnoses an Insured as having Cerebrospinal Meningitis.
- Diphtheria: The date a doctor/qualified medical professional diagnoses an insured as having Diphtheria based on clinical and/or laboratory findings.
- Encephalitis: The date a doctor/qualified medical professional diagnoses an insured as having Encephalitis.
- Huntington's Chorea: The date a doctor/qualified medical professional diagnoses an insured as having Huntington's Chorea based on clinical findings.
- Legionnaire's Disease: The date a doctor/qualified medical professional diagnoses an insured as having Legionnaire's Disease by finding Legionella bacteria in a clinical specimen taken from the Insured.
- Lyme Disease: The date a doctor/qualified medical professional diagnoses an insured as having Lyme Disease.
- Malaria: The date a doctor/qualified medical professional diagnoses an insured as having Malaria.
- Muscular Dystrophy: The date a doctor/qualified medical professional diagnoses an insured as having Muscular Dystrophy.
- Myasthenia Gravis: The date a doctor/qualified medical professional diagnoses an insured as having Myasthenia Gravis.
- Necrotizing Fasciitis: The date a doctor/qualified medical professional diagnoses an insured as having Necrotizing Fasciitis.
- Osteomyelitis: The date a doctor/qualified medical

- professional diagnoses an insured as having Osteomyelitis.
- Poliomyelitis: The date a doctor/qualified medical professional diagnoses an insured as having Poliomyelitis.
- Rabies: The date a doctor/qualified medical professional diagnoses an insured as having Rabies.
- Sickle Cell Anemia: The date a doctor/qualified medical professional diagnoses an insured as having Sickle Cell Anemia.
- Systemic Lupus: The date a doctor/qualified medical professional diagnoses an insured as having Systemic Lupus.
- Systemic Sclerosis (Scleroderma): The date a doctor/ qualified medical professional diagnoses an insured as having Systemic Sclerosis.
- Tetanus: The date a doctor/qualified medical professional diagnoses an insured as having Tetanus by finding Clostridium tetani bacteria in a clinical specimen taken from the Insured.
- Human Coronavirus: The date a doctor/qualified medical professional diagnoses an insured as having Human Coronavirus based on laboratory findings as supported by viral testing or a blood test.

Adrenal Hypofunction does not include secondary and tertiary adrenal insufficiency.

The term Hospital Intensive Care Unit specifically excludes any type of facility not meeting the definition of Hospital Intensive Care Unit as defined in the Group Critical Illness Insurance Policy, including but not limited to private monitored rooms, surgical recovery rooms, observation units, and the following step-down units:

- A progressive care unit,
- A sub-acute intensive care unit, or
- An intermediate care unit.

The term Hospital specifically excludes any facility not meeting the definition of Hospital as defined in the Group Critical Illness Insurance Policy, including but not limited to:

- A nursing home,
- An extended-care facility,
- A skilled nursing facility,

- A rest home or home for the aged,
- A rehabilitation facility,
- A facility for the treatment of alcoholism or drug addiction, or
- An assisted living facility.

Human Coronavirus is limited to Coronavirus Disease 19 (COVID-19), Severe Acute Respiratory Syndrome (SARS) and Middle East Respiratory Syndrome (MERS). COVID-19 means a viral respiratory disease caused by the SARS-CoV-2 virus. MERS means a viral respiratory illness caused by a coronavirus. SARS means a viral respiratory illness caused by a coronavirus.

### **CHILDHOOD CONDITIONS RIDER**

Date of diagnosis is defined as follows:

- Cystic Fibrosis: The date a doctor diagnoses a dependent child as having Cystic Fibrosis and where such diagnosis is supported by medical records.
- Cerebral Palsy: The date a doctor diagnoses a dependent child as having Cerebral Palsy and where such diagnosis is supported by medical records.
- Cleft Lip or Cleft Palate: The date a doctor diagnoses a dependent child as having Cleft Lip or Cleft Palate and where such diagnosis is supported by medical records.
- Down Syndrome: The date a doctor diagnoses a dependent child as having Down Syndrome and where such diagnosis is supported by medical records.
- Phenylalanine Hydroxylase Deficiency Disease (PKU): The date a doctor diagnoses a dependent child as having PKU and where such diagnosis is supported by medical records.
- Spina Bifida: The date a doctor diagnoses a dependent child as having Spina Bifida and where such diagnosis is supported by medical records.
- Autism Spectrum Disorder: The date a doctor diagnoses a dependent child as having Autism Spectrum Disorder and where such diagnosis is supported by medical records.

If a dependent child has both a Cleft Lip and Cleft Palate or has one on each side of the face, we will pay this benefit only

once.

A doctor/qualified medical professional must diagnose Phenylalanine Hydroxylase Deficiency Disease (PKU) based on a PKU test.

A doctor must diagnose Autism Spectrum Disorder based on the diagnostic criteria stipulated in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) at the time the loss occurs. The diagnosis must include the DSM severity level specifier for both major domains listed above.

An Autism Spectrum Disorder diagnosis must include more than one DSM severity level specifiers. No benefit is payable if the DSM severity level specifier is less than Level 1.

### **YOU MAY CONTINUE YOUR COVERAGE**

Your coverage may be continued with certain stipulations. See certificate for details.

### **TERMINATION OF COVERAGE**

Your insurance may terminate when the Group Critical Illness Insurance Policy is terminated; the 31st day after the premium due date if the premium has not been paid; or the date you no longer belong to an eligible class. If your coverage terminates, we will provide benefits for valid claims that arose while your coverage was in force. See certificate for details.

### **NOTICES**

If this coverage will replace any existing individual policy, please be aware that it may be in your best interest to maintain your individual guaranteed-renewable policy.

Notice to Consumer: The coverages provided by Continental American Insurance Company (CAIC) represent supplemental benefits only. They do not constitute comprehensive health insurance coverage and do not satisfy the requirement of minimum essential coverage under the Affordable Care Act. CAIC coverage is not intended to replace or be issued in lieu

of major medical coverage. It is designed to supplement a major medical program.

If you are a resident of New Mexico, you may not be eligible for this coverage. Please contact your employer for more information.
